### What facilities are included in this data collection?

All confinement facilities, including detention centers, jails, and other correctional facilities, intended for adults but sometimes holding juveniles which are either privately owned and operated or administered by two or more governments (or a board composed of representatives from two or more governments).

- **INCLUDE** special jail facilities (e.g., medical/treatment/release centers, halfway houses, and work farms).
- **INCLUDE** inmates held for jurisdictions other than the participating jurisdictions.
- **EXCLUDE** facilities that are exclusively used as temporary holding or lockup facilities from which inmates are usually transferred within 72 hours and not held beyond arraignment. (Data on deaths in these facilities will be obtained in a separate collection.) If your facility holds inmates beyond arraignment, report data on ALL inmates, including those held in separate holding or lockup areas within your facility.
- **EXCLUDE** deaths of persons in the process of arrest by your agency if they have not yet been booked into your jail facility. Arrest-related deaths should be reported using a CJ-11A form. Please contact BJS staff for assistance at 202-307-0765 or “askbjs@usdoj.gov”.
