The Survey of Inmates in State Correctional Facilities and the Survey of Inmates in Federal Correctional Facilities Questionnaire

The Survey of Inmates in State Correctional Facilities and the Survey of Inmates in Federal Correctional Facilities provide nationally representative data on persons held in State and Federal prisons. Data in the surveys include the individual characteristics of prison inmates and their family background; current offenses, sentences and time served; criminal histories; prison activities, conditions and programs; prior drug and alcohol use and treatment; and health care services provided while in prison. In 1997, approximately 14,000 inmates in State prisons and 4,000 in Federal prisons were interviewed. The sample for the 1997 surveys were selected from 1,409 State prisons and 127 Federal prisons. The dataset and documentation with additional details about the survey are available from the National Archive of Criminal Justice Data (http://www.icpsr.umich.edu/NACJD), please refer to ICPSR 2598.

The survey was conducted with computer-assisted personal interviewing (CAPI). An interviewer asked the questions presented on the screen and entered the responses. Many of the tasks involved in conducting a survey interview like skipping to another question were performed automatically by the computer. The following is a representation of the computerized questionnaire that can be printed on paper. The actions taken by the computer which were automatic to the interviewer are presented in italics in this version.

CONDITIONAL Release - The release from a Federal, State or local correctional facility of an inmate who has not served his or her full sentence and whose freedom is contingent upon obeying specified rules of behavior.

ESCAPE. An offender on escape has fled from a prison, jail or other correctional facility without an official release from physical custody. Also, an offender on escape may fail to return to a correctional facility after authorized leave.
**PAROLE** - An offender on parole was conditionally released from a prison by a parole board prior to completion of sentence. While on parole, the released offender is placed under the supervision of a parole agency and must obey all conditions set forth by the parole authority.

**PROBATION** - An offender on probation is free as long as the person meets certain conditions of behavior. If the freedom is granted by a judicial officer, judge, or court, it is called probation from court. If the conditional release is granted after the offender has served time in a correctional facility, it is probation from prison.

**SHOCK PROBATION/SPLIT sentence** - A sentence requiring the convicted person to serve a period of confinement in a local, state or federal facility followed by a period of probation. The term is often used for sentences to boot camp, followed by supervision in the community.

**CORRECTIONAL FACILITY** - Buildings operated by a government agency or by contract with a government agency for the physical custody of sentenced persons or persons subject to criminal proceedings. Correctional facilities include prisons, jails, juvenile facilities, detention centers, community based facilities such as pre-release centers and work-release facilities, and non-traditional facilities such as boot camps. It excludes lock-ups.

**SERVE TIME** - Spend a period of time in a correctional facility because of a sentence. Does not refer to time in a correctional facility pending a trial or sentencing unless that time is later applied to the sentence.

Alford plea - A guilty plea to a charge by the defendant, despite his claim of innocence, because the evidence of guilt is overwhelming. Usually the plea is to a charge less than the original charge. The defendant agrees to plead guilty because he realizes that there is little chance to win acquittal on the original charge because of the strong evidence of his guilt.

No contest plea - A defendant's formal answer in court to the charge(s) contained in a complaint, information, or indictment, stating that he or she will not contest the charge(s), but neither admits guilt nor claims innocence.

Guilty plea - A defendant's formal answer in court to the charge(s) contained in a complaint, information, or indictment, stating that he or she will not contest the charge(s) and admits that he/she committed the offense(s) listed.

Not guilty plea - A defendant's formal answer in court to the charge(s) contained in a complaint, information, or indictment, claiming that he or she did not commit the offense(s) listed.

Rifle is a firearm intended to be shot from the shoulder. It has a long barrel which shoots bullets.

Shotgun is a firearm intended to be shot from the shoulder with either a single- or double-barrel for firing shot (a concentration of small pellets) at short ranges.

Semi-automatic gun is a firearm in which a shell is ejected and the next round of ammunition is loaded automatically from a magazine or clip. The trigger must be pulled for each shot. Semiautomatic guns should be classified as either handguns, rifles, or shotguns.

Machine gun is an automatic gun which, if the trigger is held down, will fire rapidly and continuously. It is NOT a semi-automatic gun, for which the trigger must be pulled for each shot.

Toy gun or BB gun - A BB gun shoots a single pellet, using air rather than an explosive to propel the pellet. Toy guns are not firearms.
